### Judith Condrey to Study in France

Miss Judith Condrey of Powder-House Circle has been awarded a grant from the US Office of Education, for a nine week participation in an overseas institute for the advanced study of the French language, at Rennes, France.

Miss Condrey, a teacher in the Wilmington High School, is one of 54 teachers from 22 states to be selected, after a rigorous nationwide competition.

Of the nine weeks in France, six will be in study at Rennes, and three will be in travel. Rennes is the historic capital of Brittany, and part of the travel will include a four day trip through the Loire River Valley. The students will also visit Renaissance Chateaux, Romanesque churches, the south coast of Brittany, and the southwest and south of France, regions rich in geological, historical and artistic interest.

In Rennes, in cooperation with local authorities, the teachers will investigate urban and regional planning, occupations, education, public health, recreation and urban and regional art.

Miss Condrey, two years ago participated in a NDEA French language institute at the University of Alaska, in Fairbanks, Alaska.

She will leave home on June 17 and return on August 20th.

### Art Festival of Women's Club on Common Saturday

The annual Art Festival of the Wilmington Women's Club will be conducted on Wilmington Common Saturday.

Among the exhibits will be the first showing of the brass rubbings, made in England in 1965 by Mrs Albert Kitchener. The exhibit will include rubbings of part of the Peyton Family brasses, made at St. Andrew's Islaham, which include Sir John Bernard, who died in 1451, his wife Ellen, and his daughter Lady Margaret Bernard Peyton, who married Thomas Peyton Esquire about 1430.

The south transept of the Peyton Chapel is a chapel of St. Catherine founded in 1321. It is being restored gradually through gifts of members of the Peyton family in England and America.

An almost life size brass of Sir John DeCrohake, who died in 1325, and made at Westley Waterlet, will be on display.

Other items to be displayed by Mrs Kitchener include ones of Edmund Daniel (1569) and his wife Margareta Elvs (1589), made at Acton.

## Planning Board

The Planning Board meeting of Tuesday evening started on a happy note. Mr. Gillis announced that both Senator MacKenzie and Rep. Fred Cain had voted correctly, on the controversial sign law, now in the legislature. Everyone beamed.

Over an hour was spent with two members of the Wilmington Redevelopment Authority, reviewing the plans for the Eames Street Industrial Park.

Raymond McNamara and Robert Leahy represented the WRA, and although the first impression was that there might be some 'sticky' minutes, everything progressed nicely.

Mrs. McKie, chairlady, told the WRA representatives that the Planning Board was unhappy about the two 'homes' being left on top of Cook Hill. They seemed, to the board, to be less than desirable and the board felt that the WRA, which is charged with getting rid of decadent areas, should have done something about the areas on top.

Leahy told the Planning Board that the areas had been left out, at the time of the original town vote setting up the WRA, and that to include them now would be costly and time consuming. In addition, he said, the WRA didn't want to get itself involved in problems of home relocations.

The traffic study, in the WRA work, was also discussed. Leahy and McNamara told the board that they were against extending the proposed road to the Woburn line, as there was only an area of about 100 feet wide at one place, near the hill, and to cut away the hill would be too expensive. They explained that in Woburn there are plans for roads, along the old railroad bed of the Woburn Loop, (Woburn to Wilmington), but that

they believed it was not coming as far as the Wilmington line.

The Planning Board disagreed with some of the wording in the WRA specifications having to do with uses, and the WRA members agreed that this could be changed to conform to the Town's ByLaw.

Danny Gillis brought up the matter of proposed signs for the area. It was something that could be set up, later, he said, and a by-law change could be made, just as the town had made by-law changes for the Wilmington Plaza, when that place was laid out. Gillis anticipated that there would also be requests from the Barbo development, and the De Censo development.

### Allen Park

The board greeted almost joyfully the news that the Wilmington Board of Health had approved of the plans for Allen Park, to be developed by the Jackson Brothers, between Parker Street and the Maple Meadow Brook.

The board had approved last October, and then in November, when there was no action from the Board of Health, they had to change their approval to a vote of disapproval.

Now, in a complicated vote, the board changed its position again, and after the customary delay of 21 days the Jackson Brothers will be able to start on their new development.

The board noted that 15 lots of the proposed 42 lots in the new development had been disapproved by the Board of Health, and commented that in years past the Board of Health used to disapprove of all lots, having the developers 'prove' each lot, as the work progressed.

### Benson Park

A long time was spent in discussing Benson Park, proposed to

be located off Lake Street. At the end of the discussion the Board voted to put off the final vote until next week.

The proposed street drainage was through a house lot into a nearby swamp. Mrs. McKie thought it should go along a 'future' road, so that a future home owner would not be having an 'easement' through his property.

The board finally voted to ask the developer to change his plans in accordance with Mrs. McKie's ideas.

It was reported that the Water Department had approved of the plans for the water mains, to be of six inches, with two hydrants, one at the very end, near the Tewksbury line.

It was also suggested that the developer change the curves of the road in the park, to get rid of some curves. The original layout had had the curves because no road was planned to go through to Nichols St. Now such a roadway is planned, as a 'future' street, and it was felt that the curves would not add to the traffic feasibility of the area.

### Other Business

It was determined that the letter planned to be sent to the Town Counsel about the bond for Baland Road had not been sent, and the board voted to send one, asking for advice on foreclosing of the bond.

A report was made to the board that a letter had been sent to the developer of Del Drive, asking that the street be completed.

The Board of Selectmen had sent a letter asking for the opinion of the Planning Board about two areas in which Hatch Act hearings are to be heard next Monday. The board voted to send back a letter saying that they did not care to give opinions until they had heard the facts, as they would be disclosed in the hearing next Monday. They also voted to ask that the Selectmen not vote for or against until the Planning Board had had an opportunity to give its opinion.

## Nosey Nancy

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, or after five, 658-4865. If I'm not there, I'll call you.

Nellie has asked me to thank all of you folks for the help this week. Think that we are making our mark of 25 afghans and will be taking this group in next week, if she and I can arrange a mutual date. (She invited me to go along this time, and we'll see if we can get you some pictures of the presentation etc.) By the way, she asked me to recite the dimensions again to you...48 in by 48 in...that's four-foot square with just a binding, no fringe, so that they won't get caught in the wheels of the chairs...Thanks and don't quit now...Figure we have another dozen to go for that ward and there are plenty more boys over there...So, don't quit on me now there, folks...Your dollar or your yarn...and thanks to whoever bought me the big bag of scraps when I wasn't in...

Now the cigarette packs...Still haven't found out the info that I wanted...John Taylor of Woodland Drive came in and he has what you would say was a bundle...2000 cigarette packs...and MarilynN Lynch is collecting like mad from all of her friends...and Charile Woolworth of Veranda Avenue called and he has Old Gold Coupons and here I am with my bare face hanging out and no patient...But don't stop saving them...I'll find the kid, if I have to phone all of the hospitals...My cohort here at the paper, Flora Kasabuski, saw them collecting them at Swan Drug in Tewksbury, so this chick called them, but they don't know who they are collecting for either...But I have the scouts out in Wilmington and Tewksbury, so some one is sure to turn up with some information...and John Taylor says he knows there is something to it because he was collecting for some guy at Harvard for some kid with a blood disease...and he's going to ask them...So if we can't find this one, we'll find some other one, so save them PLEASE!

Also John says that Paul Benzaquin is waiting for the scoop and he'll help us on the radio when we find out what we are doing it for, so keep plugging, and if you get any leads let this gal know immediately.

The SCOOP of this week is that George Boylen beat Gene Sottile into the Lake...Nevermind, Gene, we heard that it was Memorial Day, and that he had to get cooled off after that long walk!

Officer Joe Cuoco asked this gal the other day if she was working for the town because she was picking up coke cans on her way across Main Street in front of the Depot, and she really thinks that someone thinks she is, because last night, someone left her two bags of trash in the parking lot...Meaning to speak about that, anyway...We don't mind your stopping to get your subs at Joes or bringing your lunch up from Friendly's, but Put your Papers in the barrels please. Have three on the Depot property, one on the sidewalk, and now Sterling has nicely put one on the walk in front of the sub shop, so you don't have any excuse...We are not running a drive in theater, and we don't have a vacuum cleaner for the parking space, and the Clan is really beginning to think that I carry a black snake whip, because they have to clean up that lot so often, so help me...Don't make me have to chain the parking lot off...It's private property you know...It doesn't belong to the town, nor the B & M, it belongs to Depot Realty, and the maintenance of the grounds and building is strictly this chick's job!

Hear that the Civil Defense has ten mobile radio units that they can have in action in a few minutes, most all manned by volunteers, and the way things are going in this town lately, perhaps they should be on the road all night every night...How about that!

Talk about feeling young...Sgt Dan Groblewski really did it this week...This gal got an invitation to join the WAFS when she graduates this week from High School. Don't think this would be such a bad idea, but he didn't say in the letter how they would feel about the Clan, or the grandchildren...or perhaps they have in mind a Housemother?

This gal wishes to compliment all of the participants in that great Memorial Day Parade...Boyle and Miceli were doing great, in spite of the near monoxide asphyxiation. The Golden Agers certainly looked pert with their new caps and flags

The VFW Auxiliary new uniforms are certainly pert...and we were glad we weren't marching with that Higgle, who was really stepping out there...The Kids were just Great! The Bands of the Crusaders, Swordsmen, etc., were really something. Sure did miss that High School Band though. Hope this conflict doesn't hang us up another year...We do need them in the Town Activities...and do the kids realize they are hanging up the Town with this thing?

Man, what is with this town? Last night, someone set fire to the Salvation Army Box in No. Wilmington and everything was a total loss. If it was a kid, he ought to be made to give all of his clothes and toys to the kids of the Salvation Army!

Purloined our prayer this week from Okie's Bulletin Board, and the author is our well know local baker and philosopher, Roy Poole: The Fisherman's Prayer

Please God. Help me to catch a fish so big, I won't have to lie about it.

Hear that Paul Biellecki is around Town with his arm in a cast, well, that's one way of taking a vacation!

Whoever Sgt RC Taylor, we'd like to know...He talked to Miss Dubin's room at the West Intermediate School, the sixth grade this year and wrote all of the kids individually a letter from VietNam...That's some lad and we'd like to know more about him!

Now the boys...Dick Kennison is at Basic training at Fort Dix...Bill Kennison is serving in Korea 10 miles from the DMZ. He'll be back in the states in January...Did you see the snap of Earl Boutwell in full regalia in Vietnam in this issue...He made Sergeant...John DeRose had a son in Atsugi Japan, 8 lbs 14 oz and 21 inches long last Thursday night when he called his mother from Japan...and is she ever proud...John Anthony the 3rd, is the fifth living generation...Dick Ness is at Great Lakes, Illinois...And from Dave Orndorff...May 20, 1968 Dear Nosey Nancy,

Hi, hope you and everyone back home is fine. I would of wrote earlier, but when I returned from my R&R in Malaysia, I came down with malaria. I just returned yesterday to my unit after 19 days in the hospital.

As for my R&R, it was all and more than what I expected. I didn't go to Singapore, as I was misinformed, but to the capital city of Kuala Lumpur. Myself and two other fellows spent the days sightseeing and evenings we went to the night clubs. The most outstanding place we went was a zoo. We spent a whole day there alone. It was just full of animals, birds, and reptiles. They also had a restaurant, a pond to fish in, and swan boat rides. It was kind of like going to the Boston Public Gardens, Franklin Park Zoo and good old Silver Lake all at once.

I went to some fabulous Chinese and Italian restaurants and of course proceeded to stuff myself. The people all very friendly and very interested in the United States and our way of life. The city was the same as ours at home.

One thing that surprised me was their knowledge of our government. Everyone speaks highly of our late president John F Kennedy, and would like to see his brother, Bobby get elected this time. Maybe they are all democrats with a likeness for long hair or New England lovers (only kidding).

The only way to sum it all up would to say it was the closest thing I've seen lately to the world (USA) where people are people. Take care and God bless you and all the people at home. Dave Orndorff. (Please excuse this messy paper, but forgot to send this and have been carrying it in the mountains with me for the last few days.)

(Thanks Dave for the letter, and don't worry about the messy paper. We'll take them anyway we can get them. That was really interesting...Hope that the malaria siege is over with...That can really be something, can't it?)

There was a celebration of the 25th wedding anniversary of Mr and Mrs Steve Langone of Nassau Avenue. This was a surprise at the home of Mr and Mrs Anthony Langone of Eagle Road last Saturday night. The children, three boys and a daughter arranged the party at which there were 65 guests

Remember that spiffy parade on Memorial Day? Mrs Marilyn Lynch, one of the policewomen, had a fainting spell and had a ride in the new ambulance too. Heat exhaustion was the verdict at St John's Hospital...She wishes to thank all who helped her...!

thought the policewomen could ride in the ambulance without going through all that!

Speaking of Wilmington Policewomen, we have three new additions to the group. Appointed as permanent members were Peg Duffy of Burnap St and Rita Richardson of Fay Street.

Peg has three kids, and is the wife of policeman, Joe Duffy.

Rita has two girls in school, and is the wife of John Richardson.

The newest addition, Phyllis Trefry of Burlington Avenue, will be a permanent intermittent mem-

## Selectmen's Meeting

The Board of Selectmen, Monday night, voted to call for a Special Town Meeting, to be held in the Herbert C Barrows Auditorium at 8 pm on June 26th.

Selectman James Miceli made the motion, and in the same motion asked that the Warrant be closed immediately. The vote was made immediately.

The one article that the Selectmen want in the warrant for the Special Town Meeting is one that would reduce the appropriation for the Welfare Department by \$100,000. Through an error too much was appropriated in the annual Town Meeting, and if the appropriation can be cut \$100,000 it will mean a \$1 reduction in the anticipated 1968 tax rate.

Closing the warrant immediately means that no one else can have an article in the warrant. The motion evidently took the Town Manager by surprise, for with some feeling, after the vote had been taken, Sterling Morris told the Selectmen that he should have an article in the warrant that he thought was badly needed.

The town is spending millions of dollars in salaries, he said, and it needs a job evaluation study badly. The job evaluation study, the TM said, was essential.

After some discussion, and with Miceli dissenting, the board voted to include a motion asking for a job evaluation. Miceli said he dissented because the meeting was being called simply for the purpose of regulating the tax rate, which he said, would be ready for July 1. Morris, after an enquiry by George Boylen, and with some humor, said the tax rate would be ready between July 1 and July 10.

Danny Gillis, of the Planning Board, who was in attendance, then spoke to say that he hoped that if the Selectmen had said the warrant was closed they would stick by their guns, and no other Special Meetings would be called for other articles. He did not agree with the philosophy of closing the warrant on such short notice, he said, but if it was to be he wanted the Selectmen not to change their mind.

Gillis was certain that other articles would be popping up, and he knew of a couple that were just waiting for a town meeting to come. If the Selectmen would be firm, he said, he could go to the Planning Board meeting with that news as being definite - no more articles for the Town Meeting.

Mr Brokaw, agent for the Shell Oil Company appeared to request an increase from 4000 gallons to 16,000 gallons, for gasoline storage for the Supershell Station on Main and Lowell Streets. A hearing was set for June 24.

### Other Business

Licenses for horse shows by the Stoneham and Wilmington Kiwanis Clubs on June 22nd at the Clark Farm on Andover Street, were issued. Stoneham's will be on June 29th.

A license was granted to the Civics Club of Wilmington High School for the collection of clothing for underprivileged children.

There is to be a Mass Select-

men's Meeting in Ashby on June 15. None of the local Selectmen will be able to attend.

The Middlesex County Commissioners have granted the request of the Boston & Maine RR to have a rail crossing, across lower Woburn Street, into the De Censo Brothers Industrial park.

A letter was read from Mr Pabst of the Lowell Planning Council, thanking the Selectmen for his audience of a week ago, and enclosing a map for the proposed sewerage study areas, for the Merrimack Valley, as requested by the Selectmen.

A letter was read from the Mass Department of Natural Resources, relative to the Hatch Act Hearing, recently held, for the Wilmington Development Company. There was an order for the company not to proceed with its work until special orders had been issued for said work.

A letter was read from the Mass Selectmen's Association, asking that Wilmington assist in an effort to overturn the Supreme Court decision on the Police issue. The Wilmington Selectmen voted to send a letter asking that the law be reworded, and to tighten the law by 'clarifying the wording'.

A letter was read from Chief Sullivan of the Tewksbury Police Department, commending the Wilmington Police for the capture of some robbers on May 23rd.

The vote of the town, some years ago, to sell land on Adams Street to Mr Carrasco, and which was exercised this spring, has resulted in some discrepancies in the description of the land. A letter from Atty. William Diamond of Reading has asked that the discrepancies be clarified, and a letter from Town Counsel Alan Altman was read, in which Mr Altman said that a new layout, for the future, be considered with the Town Engineer.

A request was received for a Hatch Act hearing on Alderwood Estates. Miceli made a motion to call a hearing, and Banda said it should be spelled out, and that the plan didn't tell exactly what was to be done. Boylen said he would request memos from the Sanitarian, the Town Engineer, the Conservation Commission, and the Town Manager.

Miceli again made the motion for the hearing to be called next Monday, at the same time muttering that the legislation should be changed, when the contractor was at fault and that they had already given them the time. He recommended that the advertisement should be also run in the Lowell paper.

A second request for a Hatch Act hearing was for Shawsheen Street (Sic), in land that borders a brook across from the Eames Farm. The time was set for next Monday night.

There was a request for a new 'Heap Big Beef' Restaurant, seemingly to be located across Main Street from Rocco's. The Selectmen turned it over to the Board of Health.

ectmen voted to sent letters to the Veterans organizations, and to the Supt. of the Cemetery, commending them for a fine Memorial Day observance. Mrs Drew spoke with some feeling about the dedication of the new flagpole on Wilmington Common, saying that the flag raising had been one of the most inspiring she had ever seen.

Miceli equired about the Town Park Lighting schedule. Morris told him the lights had been ordered but there were problems as to the placing of the lights, and they would be installed after the Mass Department of Natural Resources and the Water Department had indicated where they could be place.

There was a discussion about the use of 'Baby Beach', now owned by the town, this summer. They decided that the area should be fenced, so that only 'walkers' could use the beach, and that a Lifeguard and a Special Officer be assigned to duty there.

Mass House Bill 4595, for the reform of Civil Service which would make uniformity for the collective bargaining, according to the Town Manager, was also discussed. Morris said it was a good piece of legislation. The board decided to write and recommend that the Governor's Bill be passed.

Miceli asked about progress on Burlington Avenue. He was told that there was 700 feet of ledge to be blasted, next morning. He then said that the town should expedite the drainage on Burt Road, and the TM said the men would be going from Burlington Ave. to Burt Road. Morris also told the board that the town had purchased 3000 yards of loam, which would be used on Burlington Avenue, in the cemetery, and for the new sidewalks on Ferguson Road.

Miceli then asked Gillis about the progress of the forclosing of the development bond for Baland Road in North Wilmington.

The Town Manager requested an executive session, and the Selectmen spent half an hour talking mostly about gas stations.

expects to be returned to the US in January. His address is: PFC William Kennison, RA 11622343, HQ Co, A 707 Maint. Bn, APO San Francisco, Calif. 96207

Albert Boutwell has been promoted to Sergeant. His address is now Sgt. Albert E Boutwell III, Comp B, 4th., 39th Infantry, APO San Francisco Ca. 96373. The promotion came on May 1st.

Another boy in Vietnam is John M Whitaker, son of Mr and Mrs Thomas F. Whitaker of 157 Lake Street. John is a cook with the 199th Light Infantry Brigade, and is stationed near Long Binh, as of May 6th.

PFC Albert H Mills, son of Mr and Mrs William Mills of 4 Adams Street is now with the 569th Engineer Company, serving near Nha Trang, in Vietnam.

Dave Orndorff's latest letter home, dated on May 26th has an addition to the usual word 'Free', in lieu of a postage stamp. Dave wrote beneath that word the words 'in 26 weeks' which means he might be home by Christmas. Dave is with the Americal Division, and is stationed near DaNang.

Jack Stanley has received entry papers to the Wentworth Institute, in Boston. The only trouble is that Jack is near Hue, and he probably won't be able to get home in time. It will be ninety days after his entry date that he is scheduled to leave Viet Nam. Maybe Jack can get his commanding officer to let him go early?

Hap Bliss was one of those boys who the Town Crier photographed, as he was about to leave for his military training at Fort Dix, a few months ago. Now he is at Fort Gordon, in Georgia, learning to be an MP.

Hap had a sort of compliment paid to him, by the Army. He was offered a year in a prep school, if he would accept an appointment to the Military Academy at West Point.

Hap turned it down. It would mean five years of schooling, plus five more years in the Army, and he couldn't see spending his next ten

years in that way.

What he wants to do is get his Army service over with, and return to his first love - studying to be an architect, and working in an office of an architectural firm in New York.

Speaking of West Point. Larry Reading is doing 'temporary duty' there, until he gets out of the Army, sometime in September.

Dana Atkinson of Shawshen Ave is now a Quartermaster-Seaman on the USS Alleghany, with an address at FPO, New York 09501

Paul Blielicki is home on Garden Avenue, for an as yet unannounced stay. He had been stationed at Fort Walters, in Texas.

Charles Malmsten is now serving near Qui Nhon, in Vietnam. His address is PFC Charles Malmsten, USA STRAT COM, Long Line Area, APO San Francisco 96238.

Richard Ness of Miller Road has had a change of address, while in the Recruit Training Command, at Great Lakes, Illinois. Richard has been picked to be sent to the Navy Music School, in six weeks, when he completes his Boot Training. His address is now SR Richard Ness Jr., USN B24 8190, Company 926, Great Lakes, Illinois 60088.

Among the reservists who have been called up to active duty is Captain David Earle, of 5 Baland Road, in North Wilmington. Capt. Earle is serving with the 513th Maintenance Battalion, at Fort Meade, in Maryland.

## Highlights of the Week.

Yankee Short Stop Roy Meyer exploded Saturday, hitting two long home runs, accounting for all the runs, as the Yankees won a thriller, 3-2. Roy and Danny Bicknell, also of the Yankees, are the only

home run hitters to date.

The Red Sox infield, of 'Turner to Smith to Eckburg' pulled off their fourth double play of the season, Friday night, and, considering the size of the Little League infield, that's Hustling Baseball.

Falcon' Pitcher Paul Dineen, assisted by a sparkling catch by center fielder R Gtes, won a No Hitter, 7-0, Saturday.

Eagle's Pitcher Dana Gilardi won his third straight victory Saturday by striking out 14 batters.

If you missed these games last week, go to one this week. You're missing some exciting baseball!

### Blushing Brides!

Many of our young June brides will be encountering new experiences. Perhaps the most nerve-wracking will be the first dinner she prepares for her in-laws.

Of course before mother-in-law is even invited, the young bride will want to make sure she has everything prepared: the right selection of china, everything looking spic and span — everything in its place.

To really set the stage, however, we would like to offer this hint. Why not dazzle that new mother-in-law with foot work — when she steps over the threshold and on to a beautiful room she will be so overwhelmed that everything is bound to impress her from that point on.

We can help that young bride with "decorating from the floor up" — help her select the right rug for each room in her home or apartment and then set the mood for the accessories.

Our experience in selling and cleaning both Oriental and Broadloom carpeting has proved invaluable to many, many young housewives. This advice is free... the rugs you pay for.

## Class of 1918 Celebrates Reunion

THE CLASS OF 1918, WILMINGTON HIGH SCHOOL: L to R, Dr. Lawrence Dame, Albert White, Helen Cutter Laing, Nellie Foley, Jessie Blaisdell Herculson, Eva Rice McLain, Henry J Porter and Dorothy Faulkner Babcock.

The Class of 1918, Wilmington High School, has established a 'first', 50 years after graduation. It was the first class of Wilmington High School ever to hold a fiftieth anniversary dinner.

The dinner was held in the Town Lyne House, in Lynnfield, last Saturday evening. It was organized by Nellie Foley, of 54 Pleasant St., Reading. Miss Foley did much of the work of getting the classmates together, and scheduling the dinner. She is a retired Office Manager for General Electric, with forty five years service for that company.

There were eight members of the class present, out of the 19 who were in Wilmington High School fifty years ago. There were three letters and a telegram from members who could not be present.

Present for the dinner were: Dr. Lawrence Dame, 9 Orchard St. Greenfield; Albert White, 215 Arlington St. West Medford; Helen Cutter (Laing) 13 Allerton Ave. Brattleboro, Vt.; Miss Foley; Jessie Blaisdell (Herculson) 520 High Street West Medford; Eva Rice (McLain), West Seattle, Washington; Henry J. Porter, 12 Columbia St. Wilmington, and Dorothy Faulkner (Babcock) 842 Woburn St. Wilmington. Also present were Mrs. Dame, Mrs. White, Mr. Laing, Mrs. Porter and Mr. Babcock.

Letters were read by Miss Foley from Olive Roberts (Caldwell), 215 Delano St. Stockton, Calif; Greta Bloomquist (Harrington) 126 Fox Chase Road West, Asheville, NC and Ruth Flagg (Wynacht) 1079 Middlesex St. Lowell. Other members of the class still living are

Lena Carter (Haskill), August Johnson, Doris Jackson and Goldie Lewis (Wessell).

The Class of 1918 is believed to have been the last class to use what is now the Town Hall as a school room. It was definitely the last high school class to have used the present Center School as a High School, and at the same time to have been freshmen in the present Swain School, which was built for a High School and first used in the spring of 1915. The Class of 1918 moved from the Center School to the Swain School in the spring of 1915, along with the other High School classes.

All of those present at the dinner were in excellent health. It was, they all agreed, a wonderful get-together after fifty years.

NELLIE FOLEY: Lights the candles for the Fiftieth Anniversary Dinner.

THE NET OF THE TENNIS COURT: Provided a place for youthful artists to do some of their work. In the background may be seen the Trojan Horse, work of students in the North Intermediate School.

MICKEY MOUSE IN STAINED GLASS: Is shown at the lower right corner, the work of Nancy Olson of Chestnut Street. The large mural was a motif for the High School Science Fair, this year.

OPART (Optical Illusions): A pen and ink drawing, by Linda Campos of Grade 10. Hours and hours of work went into this drawing. The hand is that of Evelyn Anderson, Art Teacher.

A FIRST GRADE STANDOUT: Circles of dots, in red and yellow, by James Winne, of Grade one of the Woburn Street School, looked much better than shown here in black and white. The work of Winne is at center, in the bottom row. Other paintings, all by first graders are by Susan Brown, Nancy Murphy, Brad Burnett, Lisa Cook and Linda Gnan.

## Junior Rotarians Take Over

There is an old saw which says that Rotarians own the town and run the businesses, the Jaycees become the politicians and run the town, and the Lions have all the fun.

It may be true, but it was the Junior Rotarians of Wilmington who had all the fun yesterday.

Each Wednesday, when the Rotarians sit down to their weekly luncheon, during the school year, there are two high schools seniors present, guests of the club. These seniors, who must be among the better scholars, take turns of about one month as a Junior Rotarian. By the end of a school year there will be ten or twelve, or even more high school boys who have served as Junior Rotarians.

It isn't all just eating. The Juniors have to put out the song books, and the flags, and then put them away after the luncheon is over. And, they are expected to conduct themselves as young gentlemen, and learn the business of being friends with the world.

Yesterday was Junior Rotarian Day. The boys who had watched the Rotary President fine members for alleged lapses or errors, and who had watched the Rotarians sing 'All Hail Massachusetts,' or some other song with vim and vigor, had their turn. They conducted the entire meeting, and had a whale of a time doing it.

Guest at the club was Pierre Gringras, of Montreal and Quebec, Canada, who is in Wilmington this

week as an exchange student, in the Wilmington-Quebec Exchange originated a dozen years ago, by Past President Ed Osberg.

DANNY O'CONNELL: Will be the guest of the Rotary Club of Quebec, next week, as an exchange student from Wilmington. He is shown (left) with Past President Ed Osberg. To the right is Pierre Gringras, who is the guest of the Wilmington club, this week, and is the exchange student of the Quebec Rotary.

Gringras has attended the Academy of Quebec, and next fall will be a Junior at McGill University. He hopes to go on to Oxford University, in Britain. He spoke of the French 'movement' in Quebec, first a few paragraphs in his native

JUNIOR ROTARIAN PRESIDENT ANDY PETTO: Inflicts a twenty-five cent fine on the Superintendent of Schools, Harold Shea. At the far end is Henry Devlin. Pierre Gringras, the boy from Quebec, is this side of President Petto, and nearer the camera are David Knight and Alan Green.

SANFORD CARLISLE: Of the Diamond Salt Company, was inducted into the club, by Past President Dr. Henry Foster (white coat). It was the only business not conducted by the Junior Rotarians.

French (with an excellent near-Parisian accent) and then in the English language.

Andy Petto was the Junior President, Philip Krey the Junior Vice President, David Knight the Junior Secretary, Henry Devlin the Junior Sergeant at Arms, and Lawrence Williams the Junior Treasurer. The Junior Directors were Richard Lyford, Von Taylor, Daniel O'Connell, Kenneth Baldwin and Alan Green.

Even the piano music was foregone. Philip Krey provided accompaniment on an harmonica for the singing.

And the fines - well the total came to \$19.05. Your correspondent was so busy paying dime fines for errors in spelling, in the Town Crier that he was unable to record some of those that were made, by Alan Green, who had a list about half a mile long. About the only Rotarian who was not fined was Rodney Buck, who was fined so many times in the past year by John Elia that the Junior Rotarians probably took pity on him.

It was great fun - and now the Junior Rotarians have completed their year, and another crop will be started, about the first of October.

## More Nancy

(From Pg. 3)

ber, being called when needed. She has two Indians, and is the wife of Bob Trefry, the friendly Cushman Baker.

Alyce Weed is back at her post at the Square, and ready for your appointments. She finished her afghans as promised, and pretty they were too...and is looking very cheerful and svelte after her foray with the Winchester Hospital...Don't know how those patients ever got well, because she must have kept them all in 'stitches'.

Arnold Bishop of Grove Avenue is recovering nicely at the Winchester Hospital after a severe shock. He'll even be walking and talking again soon...Now make with those cards, gals! And don't forget Fred Neilson, who is doing so well after his operation! Winchester Hospital for him too!

Wilmington had two winners at the Physical Fitness Tests...Don't know who deserves the most praise the kids or the coaches...But anyway, congratulations to you all, and keep up the good work...Understand one is a mere sophomore...so he'll be good for a couple of more years...Great!

The Human Rights Committee met last night at Paul Bodenstein's home on Woburn Street, and thanks to all of you that responded. There is a good group, and we want to see lots more of you on June 18th at the Skating Club, so we can get this thing off the ground. If you know of anyone in any aspect of the town who needs a personal invitation, please call this gal, so that we may contact him! or her!

This chick is still in a state of shock about the Robert Kennedy incident, so if this is not as humorous or as peppy as usual, you know why. Speaking of that, Dapper Democrat McKelvey called me this morning, and he was as touched and grief stricken as I. However, since he is a person with presence of mind and thoughts of the family, he sent a wire to Ted: 'Shocked. God preserve Bob for his dear wife and children and the nation. Am praying for you to St Jude. Your friend and Bob's friend, Harold McKelvey.' (This was something wonderful to do, Harold. We had a prayer at home with our Clan for them this morning and we also asked everyone, including the kids at school to pray, because this is the only thing that will work now, and I hope God wills this unusual man to live not only for his own family, but for the nation that he feels so strongly for!)

Jack Taylor gave me the scoop on the Civil Defense this morning. There'll be a meeting on June 12 at 7:30 pm at the quarters in the Adams Street wing at the High School. All of you fellows that have the urge to help these boys out with this project and the Town This group will be invaluable in all Town emergencies, if they have some help from you boys! Let's go. Get down there and let them tell you what it's all about anyway, and then make your decision!

Jeannie Foley asked this gal for help. Jean is the organizer for the Girl Scouts of Wilmington and she needs leaders in all age levels. So, gals, there's your chance. Call her at 658-3718. Don't worry about it if you haven't led before, Jeannie will teach you...She's quite a chick!

The Fathers of Girl Scout Troop 354, who are members of the Troop Committee are having a Rag and Paper Drive at the Congregational Church on Saturday from 8 to 12. They are going to donate the funds to the Troop towards their Washington Trip in 1969. If you need a pick up call John Foley at 658-3718, Paul Carpenter at 658-4279, or John Bouvier at 658-3459. Don't forget, rags and paper Saturday morning, or you can drop the stuff off at the Church yourselves! Thanks a bunch!

My word to you all this week is let's try to make every life we come in contact with during the week, a little better, so that this ripple will reach out to the sick people that are rabid and hateful in this country!

## FROM THE BOX SEAT

The Pony League Wildcats won a 215 pitcher's duel over Stoneham Saturday to take over undisputed possession of first place, in the Western Division. Dick Gillis and Mike Esposito had homers in the latter.

In the meantime the Mavericks were dropping into a three-way tie for second in the East, suffering a 4-0 setback at the hands of the North Reading Red Sox.

The Memphis Blues of the Texas League lost two straight games to Dallas-Ft. Worth - Both losses were no hitters! . . . A couple of guys named Dick Radatz (the Fred Wenz of yesteryear) and Dennis Bennett have been virtually untouchable in triple A ball this season . . .

Save your breath, Senator Kelly. A stadium just isn't to be in this state . . .

One of those fishin' McFeeters twins hauled a 25 inch bass out of the Shawshen the other day . . .

What happened to all those trout that were supposed to have been planted in Lubbers' Brook this spring? . . . Was the story a 'plant'?

Bobby Lee can write off his chances in pro football if he makes the move to running back. He's just too small . . .

Jim Tildesley led the WHS bat-

ters, this spring, with a 349 avg.

The flag football league, scheduled to begin play in September has a novel prize for its drawing winner. The magic ticket holder will have the championship trophy named in his honor, a la Stanley Cup, and will also receive a full size replica . . . Gary Bell will win the Cy Young Award. He now has a great curve to go with the smoker he always had.

Joe Pro Pony: I believe the present situation, wherein Wilmington is represented by two teams in the Suburban Pony League, actively involving 30 boys between 13 and 15, should be retained.

Joe Pro Ruth: My position is that we should displace the two pony teams with a four team Wilmington Babe Ruth League, to include twice as many boys in the same age group.

Joe Pro Pony: Unfortunately, friends, two more teams will necessitate two more managers and two more coaches and we all know that commodity is as difficult to come by as the sponsorship, which will also have to be doubled.

Joe Pro Ruth: That's a poor point. More important, fellow citizens, are the facts that the high school baseball season ends before the baseball weather starts,

leaving all but thirty boys, 13-15, idle through the summer months. Burlington and Tewksbury have operated Babe Ruth leagues for years, and so could we.

Joe Pro Pony: My main objection to this change is that the calibre of play will suffer appreciably. It only stands to reason that four teams made up from the existing two, plus thirty more boys of lesser ability, is going to provide for a very weak league.

The present pony league provides strong competition and consequently, thorough seasoning for the more promising players in town. These more gifted youngsters would be seriously retarded by a watered down Babe Ruth League for the benefit of a bunch of late swinging, candy armed, bench warmers who would only desert their teams in August for family vacations.

Joe Pro Ruth: I disagree completely. Too many willing players are necessarily cut by the Pony League. Just because a kid is a late developer, he shouldn't be written off. The more talented players will see good pitching often enough to keep their eyes, and as far as their fielding is concerned, a ground ball is a ground ball. Let's give all those youngsters a chance to participate!
